My dear Mr. Garrison

I recd your letter
in last weeks

Standard with
a great deal of
interest & pleasure,

and am glad that

you have wd a

matter which I

did not fully

understand in

its proper & true

lights. I gave it
all the notices
my space was
scant, but
should have
been glad to
notice it ^{at} still
greater length.

I have given
a couple of papers
containing brief
notices of what
seems to me

the debris of the
old Anti Slavery
Society whose
meeting I used
to attend with
the greatest in-
terest.

I believe I
had the pleasure
of preaching to
you on several
times at the

Delaware, and
was very desirous
to know you
personally. One
of these days I
shall be in Phila-
delphia and shall
try to see you.

Very truly yours
